HOLINA VILLAGE CYPRUS

16 – 25 year olds Therapeutic Community Rehab

www.holinacyprus.com

A Center of Excellence in Behavioral Health

Holina Village is a premier rehabilitation center located in Cyprus, dedicated to empowering teens, and young adults aged 16 to 25 through holistic addiction treatment, behavioral health services, and a therapeutic community model. Our comprehensive programs are designed to promote a Haven for Healing and personal growth, allowing individuals to plan their lives with meaning and purpose whilst in a supportive environment.

A Haven for Healing

Situated in the serene hills of Achnas, Cyprus, Holina Village offers a safe and contained space, operating as a farm with both animals and orchards. Our programs cater to individuals experiencing struggles with addictions, alcohol & drug dependencies, self-harm, trauma, stress, anxiety, depression, and other emotional or behavioral challenges. These have made daily life difficult in their home settings. All our air-conditioned bedrooms are en-suite and tastefully decorated, ensuring comfort and privacy for our residents.

Holistic Approach to Recovery

At Holina Village, we believe in addressing the physical, emotional, psychological, and spiritual needs of each individual. Our holistic approach integrates traditional therapies like Cognitive Behavioral Therapy (CBT) with advanced methods such as Dialectical Behavior Therapy (DBT), Acceptance and Commitment Therapy (ACT), Motivational Interviewing (MI), and Neuro-Linguistic Programming (NLP). We also incorporate creative therapies, including art therapy, music therapies, adventure-based challenges, outdoor activities, and movement therapies providing comprehensive support for recovery.

Comprehensive Services

Our programs cater to individuals experiencing struggles with addictions, alcohol & drug dependencies, self-harm, trauma, stress, anxiety, depression, and other emotional or behavioral challenges. We offer specialized services for ages 16 to 25, recognizing that their recovery needs will differ. Whether seeking addiction treatment or trauma recovery, we ensure that every client's journey is unique and tailored to their specific needs.

Educational Collaboration

Residents can continue their education while in treatment, either virtually with their current school or through liaison with UCLan. Holina Village partners with UCLan Cyprus (University of Central Lancashire), awarded 5 QS Stars — the top international standard in education quality. Certified courses are tailored for Holina Village residents. The broad spectrum of options supports both personal and educational development.
